

SUSTAINABILITY  
PARTNERS

# Turf & Lighting

Sports Facilities | Parks | K-12 Schools | Universities

**Modernize your facilities and save money with Infrastructure as a Service.<sup>®</sup> We solve your capital needs for infrastructure and partner with you to keep it reliable, safe, and efficient – forever.**

**Sustainability Partners ("SP") is a Public Benefit Company** that pays to convert infrastructure into a monthly utility service. We replace unreliable, unsafe, and costly infrastructure with modern solutions, robustly engineered with embedded long-term support.

SP takes on ownership responsibilities and protects you from unexpected repairs and inadequate maintenance. New, state-of-the-art infrastructure enables you to increase playing time, boost the local economy with new community events, and decrease chemical use and unexpected maintenance.

- ✓ SP can pay 100% or any combination of design, materials and installation
- ✓ Month-to-month contract, zero upfront cost
- ✓ State-of-the-art assets, turnkey solutions, best-in-class vendors
- ✓ Asset use is entirely in your control
- ✓ Expedited funding and project rollout
- ✓ Simplified contracting, streamlined procurement, lowest total cost of usage
- ✓ Ongoing focus on maintenance and upgrades
- ✓ Usage-based billing begins 30 days after installation
- ✓ Usage fees aligned with your revenue sources
- ✓ Anytime option to be assigned assets and no penalties with 30 days' notice
- ✓ Complete transparency with 24x7 access to customized browser-based dashboard
- ✓ SP mitigates capital, equipment, installation, and performance risks

Scott, Louisiana
